Problem Statement

Despite a booming 18 billion dollars nutraceutical market, 70% of Indians suffer from critical nutritional deficiencies due to poor diets and adherence barriers like taste and complexity.

**70%+ Indians are fibre-deficient
(NIN-ICMR)**

As per the statistics of the National Institute of Health (NIH), 47% of the Indian population is Vitamin B12 deficient, and only 26% of the population Vitamin B12 is sufficient.

Value Proposition

“Truwell is centred on providing nutraceuticals in indulgent, snack-like formats, making supplementation convenient and enjoyable for our customers”.

- Replacing clinical, pill-based products with tasty, habit-forming alternatives.
- High absorption sequence (Fibre & Vitamins)
- Clean formulations
- 70% RDA of vitamin sachets
- 7.5 gms of fibre in a 24 gm chocolate bar

Our Solution

Multivitamin Sachet

(B6, B9, B12 + Magnesium Citrate)

“Fuel the body.”

- Boosts energy & metabolism
- Supports focus, mood & muscle function
- Designed for Indian vegetarians & professionals

Fibre Chocolates

(7.56 g fibre + Dark Chocolate + Inulin + Psyllium Husk)

“Treat the gut.”

- Boosts daily fibre intake for Indian diets
- Clean-label: no emulsifiers or additives
- Designed for mindful snacking & everyday gut health

“Prepare the gut.”

- Reduces bloating
- Improves digestion
- Enhances nutrient absorption
- Tastes like a treat → easy daily habit

Why this works:

Digestion determines absorption. Absorption determines results. Our products are built to work together, not in isolation.

Coco Gut Formulation

Ingredients	Weight (in gms)	Fibre (in gms)
55% Dark Choclate	11	1.1
Chickpeas	6	0.46
Psyllium Husk (Isabgol)	3	2.4
Inulin Powder	4	3.6
Total	24	7.56

Packaging

B-juvenate Formulation

Component	Amount
Product weight	3.65 g
Vitamin B6	1 mg
Vitamin B7	20 µg
Vitamin B9	280 µg
Vitamin B12	1.7 µg
Magnesium	280 mg
Sweetener	250 mg
Flavor	Orange

Sachet Packaging

Industry Analysis

Threat of new entrants

Moderate

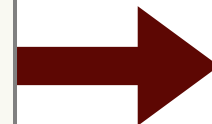

- Crowded market
- Manageable barriers
- Hard to build trust

Supplier Power

Low

- Contract mfg reliance
- Multiple suppliers
- Standard formulas
- Low switching cost

Competitive Rivalry

Moderate to high

- Many direct substitutes
- Price sensitivity
- High marketing spend

Buyer Power

High

- Low switching cost
- Price sensitivity
- Info accessible

Threat of Substitutions

Moderate to high

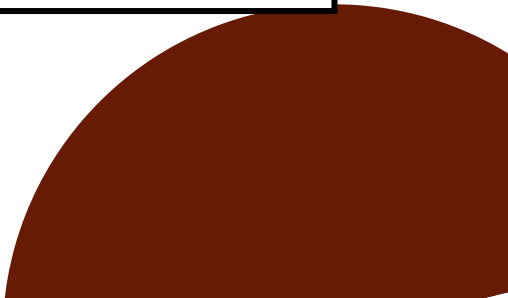

- Traditional supps
- Natural foods
- Functional foods
- Home remedies

Competitive Analysis

B-juvenate

Brand	Format	High RDA (≥50%)	Taste	Clean Formula	What They Focus On	Notes
Truwell – B-juvinate	Sachet	✓ (~70%)	✓	✓	Daily energy + vitamin sufficiency + magnesium absorption	Focused B-complex + Mg
Fast&Up – Vitalize	Effervescent	✗ (~25–30%)	✓	✗	Hydration + fizz energy	Tasty but low in actual RDA
The Good Monk	Powder	✗ (10–20%)	✗	✗	Kitchen fortification + overall nutrition	Heavy blends; not a true multivitamin
Cosmix	Powder	✗ (not RDA-focused)	✓	✓	Hormones, gut health, skin health (herbal blends)	Adaptogens, not vitamins
Berocca	Effervescent	✗ (~30–40%)	✓	✗	B-vitamin energy boost	Low RDA, premium brand

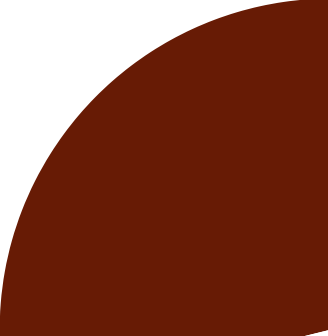

Competitive Analysis

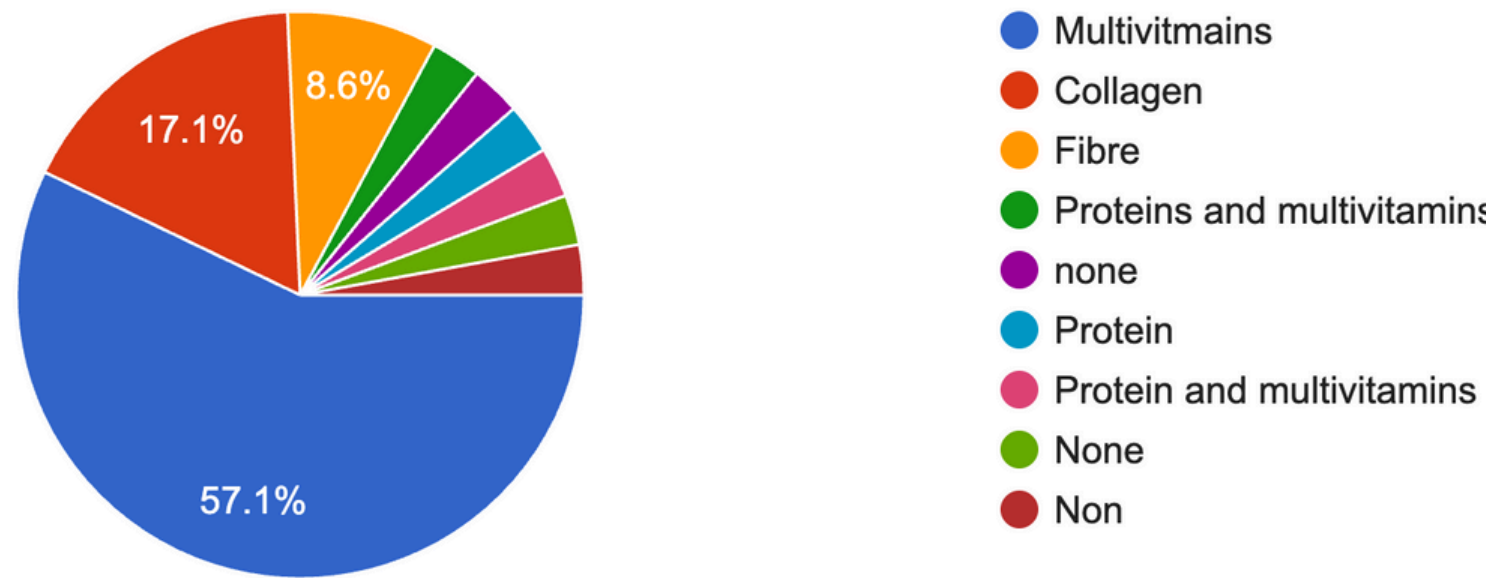

Coco Gut

Brand	Chocolate-Based	Fibre Content	Clean Label	What They're Made Of
Truwell – CocoGut	✓	7.56 g per 20 g	✓	Dark chocolate, dates, oats, isabgol (psyllium), natural flavours
RiteBite Max Protein	✓	3–4 g per bar	✗	Protein blend, chocolate coating, emulsifiers, artificial binders
Yoga Bar	✗ (fibre bar)	4–5 g per bar	✓	Oats, nuts, seeds, dates/honey
The Whole Truth	✓	< 2 g	✓	Cocoa, dates, nuts, natural sweeteners
Decathlon Nutrition Bars	✗ (energy/protein bar)	4–6 g per bar	✗	Whey protein, fibre blends, sweeteners, flavours

Go-To Market Strategy

Block	Question	Truwell Example
Target Segment	Who exactly are we launching to?	Urban millennials, health-conscious people between the ages of 19-28, women struggling with hormonal imbalance and senior citizens with heavy nutritional requirements.
Message	What will make them care?	"Science-backed nutrition made delicious, fits your daily routine."
Channel	Where will you reach them?	Instagram Reels, wellness influencers, WhatsApp groups, LinkedIn communities, gym communities and sports clubs.
Offer	Why should they act now?	Exclusive launch deals, "Free sample box for first 25 buyers", or a discount on a combo pack of fibre chocolates and the vitamin sachet.
Metric	What does success look like?	40 paid purchases in 2 weeks, 20+ repeat orders, 30+ positive reviews

Growth Prospects

1. On-Ground Stalls

- Set up branded stalls at high-footfall areas.
- Offer product tastings, quick demos, and instant purchase discounts.

2. Awareness Campaign

- Run coordinated online + offline awareness campaigns.
- Leverage Instagram Reels, testimonials, micro-influencers, and targeted ads.
- Highlight core benefits, USP, and trust-building content.

3. Campus-to-Campus Outreach

- Conduct awareness drives and interactive events across colleges.
- Collaborate with student clubs, fest committees, and wellness groups.
- Offer exclusive student bundles and free sample sachets.

4. Strategic Partnerships & Pop-Up Presence

- Set up pop-up stalls in gyms, shopping malls, schools, pharma stores, and wellness centres.
 - Offer trials and referral discounts.
- Launch co-branded mini-events with fitness trainers, nutritionists, or school activity clubs.
